

Borrowed Time

MDC

You learn a lot in this life
And a bunch you never need to know
Now you're late for a destination
That you didn't choose to go
Walk, run, skip, or fly
Just to hurry up and wait
You can worry if you want to
But it's all sealed in the hands of fate

Broken dreams, I'm living on borrowed time
And I don't want to see it all just slide away
Yes, I could be losing pieces of my mind
But I'm playing it hard 'til my last day

Deal me in another hand
See what the cards say today
Stay in the game until the last draw
Nowhere to go anyway
Learn your lessons well my friends
Live every day like it's your last
We could build a future together
But we can't change the past

Broken dreams, I'm living on borrowed time
And I don't want to see it all just slide away
Yes, I could be losing pieces of my mind
But I'm playing it hard 'til my last day

Just remember this my friends
It ain't the years, it's the miles
There'll be many difficult hurdles
Tribulations and their trials
Smell the flowers, listen to the wind
Don't just take up space
Sometimes you don't see me smiling
But I really do love this place

Broken dreams, I'm living on borrowed time
And I don't want to see it all just slide away
Yes, I could be losing pieces of my mind
But I'm playing it hard 'til my last day
