

Radioactive Chocolate

MDC

Hershey, PA three miles near
Empty assurance, nothing to fear
The nuke is down
Poisoned the ground
Hush it quick
The cows are sick
And there's nothing like the face of a kid
Eating a radioactive chocolate bar
Forever and ever
Radioactive chocolate forever and ever

Poisonous fish, poisonous rivers
Cancerous kidneys, stomachs and livers
They don't give a fuck
Just wanna make a buck
Radioactive chocolate forever and ever

Buy American, buy Hershey
They'll sell you death
With no mercy
They're gonna gain their wealth
And risk your health
Radioactive chocolate forever and ever
