

Cashing Cheques

Me vs Hero

There's something going down in here
Looks like there will be a tragedy of two
You won't recognize your face when I'm through with you
Took a lot to get me here and it will take a lot to change
What makes you think that you've got what it takes

Your situation is changing now
Looks like you're going down and out

We dedicate this song
To all the places we've come from
Although we never know where we're going

So save your breath
Go ahead and take your time with it
Should have watched what you said
But you ran your mouth
You better know you're good as dead

Your situation is changing now
Looks like you're going down
(that's right you're going down)
Your situation is changing now
You don't mean anything
(you don't mean anything)

We dedicate this song
To all the places we've come from
Although we never know where we're going

So take us down
To where the players play it
This story goes on with life

We dedicate this song
To all the places we've come from
Although we never know where we're going
