

In for the Kill

Mean Streak

We are the restless breed,
your approval is nothing we need
We don't even care if you like us or not
This is our battlezone, this is our second home
It's what we are and this is what we've got
On and on we climb the hill,
on and on we shoot for real

We're going in for the kill / In for the kill
In for the kill / In for the kill

So you think this is all a game, doesn't matter,
you're all the same
We're right in your face and we're going to stay
We are real, we believe stand tall, never deceive
This is our time, this is our way
On and on we climb the hill,
on and on we shoot for real

We're going in for the kill / In for the kill
In for the kill / In for the kill
