

## Home Right Now

Means

I can't seem to find my place,  
who I am in this room  
There's so much wrong here  
But you have made a flame,  
Lit match inside this place  
I can't trust this room here  
Come here yourselves apart,  
We all see mirrors  
We spell our souls out  
We don't feel home right now  
I can't bare my name  
It's like I don't belong here  
Take one look over your shoulder  
A third of them turn to black  
The stars fall from the heavens,  
They fall from their courses,  
They fall in this world  
Darkness and thick clouds surround you  
Home right now  
We are here to spell our souls out  
Eternity in every question
