

Home Right Now

Means

I can't seem to find my place,
who I am in this room
There's so much wrong here
But you have made a flame,
Lit match inside this place
I can't trust this room here
Come here yourselves apart,
We all see mirrors
We spell our souls out
We don't feel home right now
I can't bare my name
It's like I don't belong here
Take one look over your shoulder
A third of them turn to black
The stars fall from the heavens,
They fall from their courses,
They fall in this world
Darkness and thick clouds surround you
Home right now
We are here to spell our souls out
Eternity in every question
