

Jessica White

Meat Loaf

Reaching out to touch the sky
Swimming in the morning rain
We've only just begun to live
We've only just begun to see

Jessica White, won't you stay with me a while
Jessica White, won't you stay with me a while
Jessica White, won't you stay with me a while
With me a while
Jessica, smile with me a while

Jessica White, wanna meet me tonight?
You know I will 'cuz I need you
Jessica White, lets turn off the lights
Jessica White, I love you
You know I love you too

Jessica White, won't you stay with me a while
Jessica White, won't you stay with me a while
Jessica White, won't you stay with me a while
With me a while
Jessica, smile with me a while

Jessica, smile with me a while
Jessica, smile with me a while
