Reaching out to touch the sky Swimming in the morning rain We've only just begun to live We've only just begun to see

Jessica White, won't you stay with me a while Jessica White, won't you stay with me a while Jessica White, won't you stay with me a while With me a while Jessica, smile with me a while

Jessica White, wanna meet me tonight?
You know I will 'cuz I need you
Jessica White, lets turn off the lights
Jessica White, I love you
You know I love you too

Jessica White, won't you stay with me a while Jessica White, won't you stay with me a while Jessica White, won't you stay with me a while With me a while Jessica, smile with me a while

Jessica, smile with me a while Jessica, smile with me a while
