

Hot Pink

Meat Puppets

How pink volcano in the heard of the torndao
Is shaking the lemonade tree
Hot pink forest is backed by a furnace
That boils the lemonade free

And it all went down
And it all went down
Tomorrow is a number

Hot pink apple with the sweet golden dimple
Has stuck it's claim in me
Hot pink rubber it comes in every color
And every style you please

And it all went down
And it all went down
Tomorrow is a number
