

## Hot Pink

## Meat Puppets

How pink volcano in the heard of the torndao  
Is shaking the lemonade tree  
Hot pink forest is backed by a furnace  
That boils the lemonade free

And it all went down  
And it all went down  
Tomorrow is a number

Hot pink apple with the sweet golden dimple  
Has stuck it's claim in me  
Hot pink rubber it comes in every color  
And every style you please

And it all went down  
And it all went down  
Tomorrow is a number
