

# Like Being Alive

Meat Puppets

Tie me up  
Get it right  
Pull the knots  
Good and tight

Toss me in a car  
Take us out for a ride  
This is almost like being alive  
I'm not here, I'm nowhere

Someplace else, I don't care  
Give me half an hour  
Lock the door when you arrive  
This is almost like being alive

Night is here  
Time stands still  
All things move outside will  
Lock me in the shower

Stamp the door when you arrive  
This is almost like being alive  
Give me half an hour  
Let me know when you arrive

This is almost like being alive  
This is almost like being alive  
Oh, I'm drifting away  
Just imagine being eaten by a giant doo-doo log with teeth
