

## Too Real

### Meat Puppets

Around here it's all the same  
I said it's all the same  
When drops of sunshine  
Start to turn to rain  
I said it's all the same  
They don't know what to call it  
But they all say it's wrong  
Well, I don't see no greener pastures  
This must be where I belong
