We Don't Exist

Meat Puppets

We don't exist We eat our time We don't resist It's not alright

What I want out of this What I need out of this Cayenne, Cayenne, Cayenne

We don't exist Night after night

What I want out of this What I need out of this Cayenne, Cayenne, Cayenne

We don't exist Night after night We fall apart It's quite alright

What I want out of this What I need out of this Cayenne, [Repeat: x2]
