

Urban Dreams

Mechanical Poet

I've never been (in) this room before
I don't like this place at all
Some ugly shadows creeping
On the wall of every hall

I cannot make a move
I cannot even scream!
How does it happen to me now?
It cannot be! It's all..

A dream!
I can't help to believe
The dream I fear to stay in
And the one I fear to leave
It's all a dream!
To see the own tale
I fear to come and fear to fail

The tide so free and proud
Soft watercolor clouds
I wanna take a breath
And scream my heart out!

The noble coasts rise
Embracing wild streams
Eternal forest lies behind
It's fabulous!
It's all..

A dream
I can't help to believe
The dream I fear to stay in
And the one I fear to leave
It's all a dream!
To see the own tale
I fear to come and fear to fail
