Méda Péda

I'm George Dennis and I want, want to tell you that I fell
Fell in love with a girl, yeah of course, I'm sure
She's so nice and so cool, sometimes I feel like a fool
It's so ease to have a girl, girl who loves you, whose not crue
l

Years go on and I'm sad from the people who I met
From the things which I knew, from my friends and from you

Why I wildly loved you, why you broke my heart
Yes, I've grown yes, I do. Won't be in your chart
I've changed my values, found another pose
I won't let be my self used. Live the life I choose

Meet the nice girl five years younger
Feel the nice things, feel the danger
Find the way out, find the exit
Run in the circle with no profit

Why I wildly loved you, why you broke my heart
Yes, I've grown yes, I do. Won't be in your chart
I've changed my values, found another pose
I won't let be my self used. Live the life I choose
