

## Once upon a time

Méďa Péďa

Once upon the time you were free  
Walking with guitar in the streets  
And great thoughts flying in the air  
You could do whatever, just don't care

But this time is over for a years  
Nothing remains just children's tears  
We all here were very close  
But where it's now no one knows

Once upon the time you believed,  
Nice and sweet words you gently breathed  
Than you woke up and had to pay  
You found out that you are actor on the play

But this time is over for a years  
Nothing remains just children's tears  
We all here were very close  
But where it's now no one knows
