

# Universe Unseen

Meden Agan

Drifting through dimensions  
Fragments flying behind me  
Reflections of your confused mind  
Burying your hopes to wonder

We're flying... We're dreaming...  
Passing thought  
Parallel universes  
We are falling into  
Infinity  
Watching the end of the world

I'm living in the unfulfilled dream  
Lost in the land of apathy  
Where time stands still and  
Memories of the past quickly fade
