

Hate Me Again

Media Lab

I wish everyone here was real
Didn't pretend to feel
All the shit they do
All the shit they do
Fuck you, open your mouth and rape me
Lovin' to f**king hate me
I feel the same for you
Hey you, make it feel the same
Hate me again
Hey you, nothing left to tame
Hate me again
I will continue to be myself
Live for no one else
I wont concede to you
