

## Save Me

Media Lab

Save me  
I'm out in the cold  
Save me  
And never let go  
You have took away  
My strength and will to live  
Can you feel it turning? Its turning  
And burning my heart is slowly  
Screaming, I'm crying, I'm begging for you to-  
Please feel my pain  
There's nothing left to give  
Take this pain away
