

# Babydoll

Medicine

Don't cry melt your eye  
'Cause you're too high to wonder why  
Your plastic eye, fixed smile  
And always nice but all the while

And you keep coming like a babydoll  
Always crying like a babydoll  
Teeth are white just like a babydoll  
You are wise like a babydoll  
About as real as a babydoll

It's alright in my mind  
'Cause you're alive in my mind  
You'll never find another bride  
'Cause you're too high all the while

And you keep coming like a babydoll  
Always crying like a babydoll  
Teeth are white just like a babydoll  
You are wise like a babydoll  
About as real as a babydoll

I'll try, you'll try, you'll try, I'll try  
I'll try, you'll try, you'll try, I'll try

And you keep coming like a babydoll  
Always crying like a babydoll  
Teeth are white just like a babydoll  
You are wise like a babydoll  
About as real as a babydoll

It's alright in my mind  
You were alive in my eyes
