

It's Not Enough

Medicine

I just want to get things right
Even though that
You know that it's not enough
You know that it's not enough

It's not enough to hold the love
It's not enough to let it fall
It's never wrong to
It's not enough to

It's not enough to hold the love
It's not enough to let it fall
It's never wrong to
It's not enough to
