

## It's Not Enough

Medicine

I just want to get things right  
Even though that  
You know that it's not enough  
You know that it's not enough

It's not enough to hold the love  
It's not enough to let it fall  
It's never wrong to  
It's not enough to

It's not enough to hold the love  
It's not enough to let it fall  
It's never wrong to  
It's not enough to
