It's Not Enough

I just want to get things right Even though that You know that it's not enough You know that it's not enough

It's not enough to hold the love
It's not enough to let it fall
It's never wrong to
It's not enough to

It's not enough to hold the love
It's not enough to let it fall
It's never wrong to
It's not enough to

Medicine
