

Keep Me Hanging

Medina

I'm in and out of love,
I'm running back and forth between our hearts
But I won't give us up
Cause every day you let me know
How we can't stop
And when you say please
I'm all over my head, I'm all over my knees
I'm begging you please,
Love you more than words can say

We just can't stop, stop, can't get enough, enough
You take me higher oh so higher
No we just can't stop, stop cause you make me laugh
Everything about you
You keep me falling for you,
I'm out there ...for you,
I'm out here hanging
We should be making a move
My heart is breaking in 2,
I'm out here hanging
You keep me falling for you
I'm out here hanging
We should be making a move
My heart is breaking

I'm in and out of love,
I don't know why this heart of mine wants to stop
When this is good enough, yeah
Should be good enough for me
To not wanna give it up

We just can't stop, stop, can't get enough, enough
You take me higher oh so higher
No we just can't stop, stop cause you make me laugh
Everything about you
You keep me falling for you,
I'm out there ...for you,
I'm out here hanging
We should be making a move
My heart is breaking in 2,
I'm out here hanging
You keep me falling for you
I'm out here hanging
We should be making a move
My heart is breaking.
