You And I

Nothing left for me to say There's no more wicked games to play It's time for me to walk away I am alright I feel like I'm on a high A new beginning that is my life I'm turning to the rhythm of the night I am alright

The music is making me growing The only thing that keeps me awake is me knowing There's no one here to break me or bring me down And no one here to hurt me or fool around

I have no more time for you to hurt my feelings Done enough to prove I'm all that I believe in We are at the end, no more stupid lies I'm better off without you here by my side So now there is no longer

You and I [7x] There is no longer You and I [7x] There is no longer You and I [2x]

Don't care what other people say I know you fool around all day No it doesn't hurt me anyway I am alright aah

And when the the day turns into night I'm in the club forgetting you and I And when I think of how you treated me you proved me right

The music is making me growing The only thing that keeps me awake is me knowing There's no one here to break me or bring me down And no one here to hurt me or fool around

I have no more time for you to hurt my feelings Done enough to prove I'm all that I believe in We are at the end, no more stupid lies I'm better off without you here by my side So now there is no longer

You and I [7x] There is no longer You and I [7x] There is no longer You and I [2x]
