

Realest U Ever Seen

Meek Mill

Realest shit you ever seen!
This the realest shit you ever seen!

This the realest that u ever seen yeah
Ride hard so clean with my seat back,
Blowing money like I never even seen that
Blowing money like I never even seen that
Blowing money like I never even seen that

Yeah
I blow this money like you never seen it
Felony flow
You niggas is misdemeanors
When I was broke I used to walk I had a rich demeanor
Shawty said I make her pussy wet that bitch katrina
Last week I blew like twenty for the hell of it
Bloodhound, I find that money just from smellin it
Pick your drug of choice, I bet you I was selling it
Addicted to that money roll a hundred start inhaling it
I'm burning papers like I'm wiz khalifa
And if this rappin ever fold I still could get it cheap
You know the feeling when you burn a hundred in a week,
Turn a nigga out just like the first time when he hit a freak
Eenie meenie miney moe pick a chick and dick her down
Maybach in the building money everywhere you look
We'll been on the top floor,
Hater we ain't lookin down
Lil p up in the kitchen, look at me, I'm cooking now!
I'm cooking up and whippin white the money I'm a spend it now
She said you don't hit it right so she just tryna spend the night
You smoke on the regular but we smoke on that kryptonite
My whip it got paper plate
You ain't got it in your life
Ahh

This the realest that you ever seen yeah
Ride hard so clean with my seat back
Blowing money like I never even seen that
Blowing money like I never even seen that
Blowing money like I never even seen that
This the realest that you ever seen yeah
Ride hard so clean with my seat back
Blowing money like I never even seen that
Blowing money like I never even seen that
Blowing money like I never even seen that

I'm a stunt until the whole world mad at me
I'm out here killin em again that's somethin sad to see,
I take my boys out to the mall they pop and tackle me
Get anything you want my niggas, eatin's what I'm glad to see
Here's where I'm glad to be, I thought I'd let you know
I'm still stuntin hard fucking bitches, getting dough!
You heard me? my pockets sittin high
I buy shit, I don't even know why!
Cause I got money
I was born just to shit on nigga

Come through in maseratis with the kid on niggas
That's light work
Lamborghini bucket seats with the pipework
Now that's tight work!
They say money talk, what you try to say?
Dumb kids I got more Louie's than Kanya
I don't know what type of games you tryna play,
But I be getting money, is what I'm tryna say
