Then go home and break a brick and break it down to bacon bits

The phones poppin, like we on the 1st  
We up in neimans, we goin bizerk  
A nigga cross me, he goin to church  
Ridin thru the hood, back of the back  
Started in the front, now they in back with a back  
No love for the haters, no rap for the rats
