

Cardigan Weather

Meg & Dia

I saw you with her dear.
You tried to hide away.
She came through the back door.
You always had your secret ways.
I was so drowsy then.
My fault.
I'm so careless.
I gave you one too many pills.
My oh my.
My alibi.
Restore my fate in these.
Words so clear.
My failure dear.
Lies tucked away in me.
Oh yeah Oh Yeah
You wanted to play this game.
I can play it too.
Come here baby I will show you what this girl can do.
A mattress for a coffin suites you very fine.
You'll feel me with my others as you're sewn under the seams.
My Oh My
My alibi
Restore my fate in these
Words so clear
My failure dear
Lies tucked away in me
