

# Just One Of Those Things

Meg & Dia

Give me a minute  
I need a second  
Got to breathe there  
It's Just one of those things

wish I could tell you  
How much I need you  
And how much you  
need me to go

Please don't listen  
to what I'm gonna tell you  
Look in my eyes and know  
I simply had to give up  
But I didn't let go without struggle  
you know, I still love you  
It's just, just one of those things

I know I made it seem  
Like all was written down  
And I hid all my pain  
And now I bring it out

And you'll be scared at first  
cuz it's such an ugly blow  
I don't know which is worse  
to learn or not to know

Please don't listen  
to what I'm gonna tell you  
Look in my eyes and know  
I simply had to give up  
But I didn't let go without struggle  
you know, I still love you  
It's just, just one of those things

Please don't listen  
to what I'm gonna tell you  
Look in my eyes and know  
I simply had to give up  
But I didn't let go without struggle  
you know, I still love you  
It's just, it's just one of those things

I tried to tell you a million times  
That you have always been one of us  
I tried to tell you a million times  
You have always been one of us

Please don't listen  
(I tried to tell you a million times  
That you have always been one of us)  
Please don't listen  
(I tried to tell you a million times  
That you have always been one of us)  
Please don't listen....
