

## Shiny Bright

Meg Mac

You say 'love' and then you snap  
And then I lose, we all lose you  
And then you're back

I just wanna shake it and bring you back  
And tell you I'm sorry for something  
Oh I think it's time that you come back  
Cause I've got your back, I've got nothing to say 'bout it  
Didn't mean to make you feel bad about it  
Growing up is getting harder to handle  
We're waiting for it to fall down  
Are you waiting for it to fall down?

Well some they go, and some come back  
But not like they used to, you best get used to that  
Or you'll find them cracks

I never really thought that forty years from now  
Cause, cause everybody told me, "Think here and now"  
Oh, I'm seeing hundreds at a time, and all shiny bright

I've got nothing to say about it  
Didn't mean to make you feel bad about it  
Growing up is getting harder to handle  
We're waiting for it to fall down  
Are you waiting for it to fall down?

Well shake their hands and deal with it later  
They're dressing up to make them feel better  
Always shiny, always brighter  
Keep it up cause you can do better

I've got nothing to say about it  
Now don't you feel bad about it  
I've got nothing to say about it  
Now don't you feel bad about it  
Growing up is getting harder to handle  
We're waiting for it to fall down  
Are you waiting for it to fall down?  
Are you waiting for it to fall down?
