Now I lay me down to sleep Pray the lord my soul to keep If I die before i wake Pray the lord to take

I'm not going to wake up today
They've pulled my plug the picture fades
And as my body decays mold begins to fill my grave
The smell of death permeates the silk within my coffin lays
Go to hell

As they bury me now six feet there my body lies Still feel like I'm giong down I hear a distant wailing cry God something must've gone wrong And much too late I realize Go to hell

I saw my funeral that day
I know who didn't show to mourn
My judgement was life in hell
Pillars of pain and thorns
My only friend's the goat
With 666 between his horns
Go to hell

Place all your trust here in me Rest assured these things I know And as Charon sails the sea Your journey too shall end below Ah yes you're all sitting ducks It's true you reap what you sow Go to hell

Now I lay me down to sleep Blah, blah, blah my soul to keep If I die before I wake I'll go to hell for heaven's sake
