I'll Be There

Megadeth

I heard the voice of redemption For me there is no exemption I started praying

I heard the voice of satisfaction Needing me for benefaction I started pleading

I heard the bells begin to chime Warning me oh lord Don't let this be my time Don't let this be my time

I'll be there for you, when you walk through the fire
I'll be there for you, when the flames get higher
When nothing fits and nothing seems right
Till the very last breath of my life, I'll be there for you

You saw me slide, you saw me fall We kept our pride through it all We started screaming

When skies are dark, no sun shines through I know I see the light in you We stopped dreaming and started believing

I'll be there for you, when you walk through the fire
I'll be there for you, when the flames get higher
When nothing fits and nothing seems right
Till the very last breath of my life, I'll be there for you
I'll be there

In my hour of need You were there always Now it's time for me to be there for you too Always

I'll be there for you
