

## Set the World Afire

Megadeth

Red flash clouds choking out the morning sky  
They said it'd never come  
We knew it was a lie  
All forms of life die now the Humans all succumb  
Time to kiss your ass goodbye the end has just begun  
Distorted figures walk the street, it's 1989  
Weeds once underneath your feet have grown to vines  
Bodies melted like a candie, a land without a face  
Notime to change your faut, no time left, it's too late  
The aresenal of Megadeth can't be rid they said  
And if it comes, the living will envy the dead  
Racing for power, and all come in last  
No winning first stone cast  
This falsehood worldly peace  
Its treaties soon will cease  
No one will be left to prove that humans existed  
Maybe soon the children will be born open fisted  
We all live on one planet it will all go up in smoke  
Too bad they couldn't see this letal energy  
and now the final scene, a golbal darkening  
Dig deep the piles of rubble and ruins  
Towering over head both far and wide  
There's unknown tools for World War 3  
Einstein said 'We'll use rocks on the other side'  
No survivors set the world afire
