

# Fairytale Man

Megan & Liz

The other day in history class  
I had some notes to pass  
One was to Katie  
The other was to Anne  
Then the other ended up in your hand

I was talking about you  
And your eyes of blue  
You gave me a wink  
I started to think  
Maybe we had a chance  
It was love at first glance

I knew I fell in love with the fairytale man  
From the minute I held his hand  
Blonde hair, blue eyes  
He was different from the guys  
He was fine and he was mine

Then after class got out  
I knew we had to talk about  
How we made each other act and feel  
Cause when we're together you make it all real

I knew I fell in love with the fairytale man  
From the minute I held his hand  
Blonde hair, blue eyes  
He was different from the guys  
He was fine and he was mine

It's like the end of a story  
Riding off into the sun  
That's when I knew  
That you would be my only one

I knew I fell in love with the fairytale man  
From the minute I held his hand  
Blonde hair, blue eyes  
He was different from the guys

I knew I fell in love with the fairytale man  
From the minute I held his hand  
Blonde hair, blue eyes  
He was different from the guys  
He was fine and he was mine

Blonde hair, blue eyes  
He was different from the guys  
He was fine and he was mine
