

Here I Go

Megan & Liz

I'm so happy I'm here
Everything is going fine
There's nothing like home
Makes me think about the time
When we said we would run away for good
Now I'm here without you

I saw a picture of you
Hanging with some new friends
Happy to see that you're doing okay
And I like the one, where you're having fun
In the place where we made

Here I go
Randomly think about you
And there you go,
Making your way into my head
Even though I said I could do this without you,
Here I go again... Here I go again

Everyone says, think about my future
Don't throw it away,
On someone who's miles and miles away
Yeah thats what they say
But i'm just human

So I got up today
Didn't think about you
Found a new favorite place
And the sky was that color of blue
That looks best on you

Here I go
Randomly thinking about you
And there you go,
Making your way into my head
Even though I said I could do this without you
Here I go again...here I go again

So now I know I wish you were here
And nothing I do makes you disappear
What can I do about it? What can I do about it?
I wish you were here
I'm walking on a tightrope trying not to fall into thoughts about you

Here i go, randomly thinking about you (thinking about you)
And there you go (there you go)
Making your way into my head,
Here I go (here I go) randomly thinking about you,
And there you go (there you go go go)
Making your way into my head
Even though i said I could do this without you
Here I go again... Here i go again
