

Love War

Megan & Liz

I don't believe in wizards or witches
But boy you got a spell on me
I dont know this
Or that
Or which is
What you want me to see

But im tried of waiting
Its so fusterating
Do you like me or not
Cuz if you do
Then let me know

Im done with all this nonsense
I cant take it anymore
I need to live in the present tense
And not by who we were before

Cuz no offense
Im tired of fighting
In this crazy thing we call
A love war

Why cant you just listen to your heart
Instead of listening to your stupid friends
I know that's the reason we fell apart
This is not where the story ends

But im tried of waiting
Its so fusterating
Do I like you or not
Cuz if I do
I'll let you know

Im done with all this nonsense
I cant take it anymore
I need to live in the present tense
And not by who we were before

Cuz no offense
Im tired of fighting
In this crazy thing we call
A love war

Im done
I cant take anymore

Im done with all this nonsense
I cant take it anymore
I need to live in the present tense
And not by who we were before

Cuz no offense
Im tired of fighting
In this crazy thing we call
A love war
