

# Timeless

Megan & Liz

Your eyes, your smile  
They still get me  
Falling hard  
Breathing slow  
Learning to let it all go

Your arms around me  
My hand in yours  
Looking deep  
In your eyes  
I still feel those butterflies

Seven months feels like seven days  
When im with you  
Didnt know inside  
You could feel the same way too  
No matter what you do  
No matter what you say  
Our love will stay timeless

My heart, your heart  
Will never part  
Now i see  
You and me  
Is what it should be

Your standing there  
Maybe we'll fall  
Even more  
Then before  
I still feel those butterflies

Seven months feels like seven days  
When im with you  
Didnt know inside  
You could feel the same way too  
No matter what you do  
No matter what you say  
Our love will stay timeless

I know that you  
Think its just another song  
But for you,  
This is the first song  
The first song

Seven months feels like seven days  
When im with you  
Didnt know inside  
You could feel the same way too  
No matter what you do  
No matter what you say  
Our love will stay timeless

Your eyes, your smile  
They still get me
