

# Never Have I Ever

Megan Nicole

Never been a, been a wild one  
Usually, I'm home  
Stuck on re-runs, Chinese for one  
Checkin' on my phone  
But my friends, they made me go out  
On the town tonight  
Never thought I'd  
Meet somebody  
Who'd open up my eyes

Never knew I could dance  
'Til I was next to you  
Make me wanna take a chance  
And see what we could get into

Don't know if you'll be my man  
But I like the things you do  
'Til you take me by the hand  
Yeah

Never have I ever stayed out  
Singing purple rain  
Dancing on the tables boy  
You bring it out in me  
Oh oh oh  
But it feels right  
Oh oh oh  
For the first time  
Never have I ever fallen  
Like I did tonight with you

Karaoke, a Capella  
And we're racing shopping carts  
Tell me secrets on the beach and  
Take me swimming in the dark

Never knew I could dance  
'Til I was next to you  
Make me wanna take a chance  
And see what we could get into

Don't know if you'll be my man  
But I like the things you do  
'Til you take me by the hand  
Yeah

Never have I ever stayed out  
Singing purple rain  
Dancing on the tables boy  
You bring it out in me  
Oh oh oh  
But it feels right  
Oh oh oh  
For the first time  
Never have I ever fallen  
Like I did tonight with you

Ooh ooh ooh ooh  
Tonight with you  
Ooh ooh ooh ooh  
Tonight with you  
Ooh ooh ooh ooh  
Tonight with you

Make you stop and  
Hit the drive through  
Singing with the radio  
Watch the sunrise in the rear view  
As you take me home

Never have I ever stayed out  
Singing purple rain  
Dancing on the tables boy  
You bring it out in me  
Oh oh oh  
But it feels right  
Oh oh oh  
For the first time  
Never have I ever fallen  
Like I did tonight with you

Ooh ooh ooh ooh  
Tonight with you  
[x3]

Like I did tonight with you

Ooh ooh ooh ooh  
Tonight with you  
[x3]

Like I did tonight with you
