

Bang Dem Sticks

Meghan Trainor

I love it when it's loud
I love it when it's big
You can feel it in the crowd
Come on, bang dem sticks
I said I love it when it's loud
I love it when it's big
Cause you can feel it in the crowd
Come on bang dem sticks

The dumb drummer, sicker than the swine flu
Don't really need medication, he got a tissue
And when he bang bangs, don't need to boogie
But he might be smoother than my, my favorite cookie
When he plays, uh, he got a hold on me
In a race, yeah, he got the winning streak
And ain't nobody got a drummer like mine
He can bang dem sticks, he can throw dem high, ha!

I got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticks

I got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticks

I love it when it's loud
I love it when it's big
You can feel it in the crowd
Come on, bang dem sticks
I said I love it when it's loud
I love it when it's big
Cause you can feel it in the crowd
Come on bang dem sticks

I don't think they're ready, it's okay

Triplet, triplet, all that shit
He looking so good when he bang dem sticks
He can do the paradiddle with a little bit of samba
And all the girls scream, "I want your drummer's number"
But wait a minute, what the fuck is going on?
You here to see M. Train because you love my songs
But there he go again with the double stroke
And I ain't talking dirty, I ain't making no jokes, nuh uh, nuh uh
And he can play all night
Whatever get you hype girls, whatever gets you high
Cause ain't nobody got a drummer like mine
He can bang dem sticks, he can throw them high
Come on

I got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticks

I got a thing for a drummers
How the beat shakes up my heart
I gotta thing for drummers
So baby show off all dem tricks and bang dem sticks

I love it when it's loud
I love it when it's big
You can feel it in the crowd
Come on, bang dem sticks
I said I love it when it's loud
I love it when it's big
Cause you can feel it in the crowd
Come on bang dem sticks
