

Just a Friend to You

Meghan Trainor

Why you gotta hug me
Like that every time you see me?
Why you always making me laugh
Swear you're catching feelings

I loved you from the start
So it breaks my heart

When you say I'm just a friend to you
Cause friends don't do the things we do
Everybody knows you love me too
Tryna be careful with the words I use
I say it cause I'm dying to
I'm so much more than just a friend to you

When there's other people around
You never wanna kiss me
You tell me it's too late to hang out
And you say you miss me

And I loved you from the start
So it breaks my heart

When you say I'm just a friend to you
Cause friends don't do the things we do
Everybody knows you love me too
Tryna be careful with the words I use
I say it cause I'm dying to
I'm so much more than just a friend to you

You...

You say I'm just a friend to you
Friends don't do the things we do
Everybody knows you love me too
I tried to be careful with the words I use
I say it cause I'm dying to
I'm so much more than just a friend to you

A friend to you
A friend to you
A friend to you
