

# Love, Love, Love

Meghan Trainor

Yesterday, I finally had you  
For a while, you were mine, all mine  
Felt a deep, a deep connection  
But then you left in a blink of an eye

Why  
Do I have to worry  
That you would never kiss me goodbye?  
Goodbye, goodbye, goodbye

Why do I have to question  
Your love and your devotion?  
Why, why, why?  
'Cause I  
Love, love, love  
Love, love, love  
Love, love, love

Love, love, love

Love you  
Yesterday, I finally had you  
You touched my heart in a different way  
It's too close to tell

If I'm under your spell  
No, I can't, I cannot tell  
And why  
Do I have to worry  
That you would never kiss me goodbye?  
Goodbye, goodbye, goodbye  
Why do I have to question  
Your love and your devotion?  
Why, why?

'Cause I  
Love, love, love  
Love, love, love

Love, love, love  
Love, love, love  
Love you  
Are you listening  
To a single word  
Of what I said?  
'Cause I love you  
Do you love me too?  
Baby, please, say it too  
And do I have to question  
Your love and your devotion?  
Why, why?

'Cause I  
Love, love, love  
Love, love, love  
Love, love, love  
Love, love, love

Love, love, love  
Love, love, love  
Love, love, love  
Love, love, love  
Love you
