

# Pick Me Up

Meghan Trainor

You said she was so pretty  
And I died a little inside  
But how would you know I was falling for you  
For years being my best friend  
and I said never again  
to fall in love with someone like you

Finally  
give me a chance  
So pick me up, pick me up when I fall  
Love me like you never did before  
Give me all your love, all your love

Pick me up, pick me up once again  
'Cause I was so much more than being your friend  
Give me all your love, all your love  
'Cause I can't get enough

Our first kiss finally happened, yeah  
A bit weird but I'm happy that it happened  
'Cause now I know you're feeling it too  
And my life got a whole lot better now  
that we are finally together  
I'm so glad you're feeling it too

And thankfully  
You gave me a chance

So will you pick me up, pick me up when I fall  
Love me like you never did before  
Give me all your love, all your love

Pick me up, pick me up once again  
'Cause I was so much more than being your friend  
Give me all your love, all your love  
'Cause I can't get enough

And no, it's not hard  
Not as hard as you think it would be to love me  
Because I love you

So pick me up, pick me up when I fall  
Love me like you never did before  
Give me all your love, all your love  
'Cause I can't get enough

Pick me up, pick me up when I fall  
Love me like you never did before  
Give me all your love, all your love

Pick me up, pick me up once again  
'Cause I was so much more than being your friend  
Give me all your love, all your love  
'Cause I can't get enough

Pick me up, pick me up when I fall  
Love me like you never did before

Give me all your love, all your love

Pick me up, pick me up once again

'Cause I was so much more than being your friend

Give me all your love, all your love

'Cause I can't get enough
