

Burning Earth

Mehida

The things that you see
will be destroyed
They will be torn down
The days will come
when not one stone
will be left on a stone

There will be signs in sun
and moon and stars
...Awaiting...
And on the earth, distress
and confusion
at the roaring of the sea

Men will faint
because of fear
of what will come on the earth
The days will come
when not one stone
will be left on a stone

There will be signs in sun
and moon and stars
...Awaiting...
And on the earth, distress
and confusion
at the roaring of the sea
(2x)

At the roaring of the sea
and the burning earth
There will be signs in sun
Men will faint
because of fear
of this burning earth
