I feel that I am drowning Can't you see? Oh please just let me breathe

I am exhausted because of this burden I'm desperately crying in my pain 'Cause we're all...

Guilty
Burning in our flesh
Tryin' hard to be free
Guilty
'Cause we don't wanna see
We're convicted under a sin
(2x)

I see no escape from myself For what I do is not the good I want to do

I am exhausted because of this burden I'm desperately crying in my pain 'Cause we're all...

Guilty
Burning in our flesh
Tryin' hard to be free
Guilty
'Cause we don't wanna see
We're convicted under a sin
(4x)
