

Heard It All Before

Meiko

I'm so tired of staring at the wall
But I know I got to put you down
And I keep trying to make sense of it all
But I can't keep going around and round

And you know me well
You know me better than this
And I can't be sure if you're something I'd miss

Cause I heard it all before
I've heard it all before

I keep finding a little piece of me
Everytime we disagree
And your words float like dandelions every other way
I can't keep listening to what you say

Cause I heard it all before
I've heard it all before
And I take everything I can and I'll throw it out the door

Ya, I've heard it all before
I've heard it all before
And I take everything I can but I've heard it all before
