

Reasons To Love You

Meiko

Give me a reason to fall in love
Take my hand, and let's dance
Give me a reason to make me smile
Cause I think I forgot how

I wanna fall asleep with you tonight
Wanna know that I am safe when you hold me tight
Wanna feel how I wanna feel, forever

Girls need attention and boys need us
So let's make everybody glad
That they have each other in each others arms
Oh, let's make everybody glad

I want you, I want you

I wanna dream away with you tonight
We can go anywhere you would like
I wanna feel how I wanna feel forever

I want you, I want you
