I was alone thinking I was just fine I wasn't looking for anyone to be mine I thought love was just a fabrication a train that wouldn't stop at my station

Home alone, that was my consignment solitary confinement so when we met I was scirtling around you I didn't know I was looking for love until I found you

I didn't know I was looking for love until I found you
I didn't know I was looking for love until I found you
I didn't know I was looking for love
I didn't know I was looking for love

Cause there you stood, and I would Oh, I wonder, could I say how I felt and not be misunderstood A thousand stars came into my system I never knew how much I missed them

Slap on the map of my heart you landed I was coy but you made me canded and now the planets circle around you I didn't know I was looking for love until I found you

I didn't know I was looking for love until I found you
I didn't know I was looking for love until I found you
I didn't know I was looking for love I didn't know I was looking for love

So we built from here with love the foundation in a world of tears one consulation and now your here there's a full brass band playing in me like wonderland And if you left I'd be 2 foot small and every tear would be a waterfall soundless, boundless I surround you I didn't know I was looking for love until I found you
