

Radio Radio

Meja

In this town there's so many stations
Tune is the one
That feels right for you
When you feel a little lonely, yeah
When you're feeling sad
I'm here to prove
That ain't that bad
Because

I am your radio
I sing you a song
Radio, radio
I song you a song
If you're willing to turn on me

Zapping and searching
Creating vibrations
Until you find your own
Freaked out frequency

When you feel a little lonely, yeah
When you're feeling sad
I'm here to prove
That ain't that bad
Because

Radio, radio
You're my radio
