

Light years of hurting  
and lifetimes of pain  
feelings that haunt you with sorrow  
You pushed the limits  
by breaking away  
we are disciples to follow

You were the light of my life  
I'm left to wonder 'bout that night  
when you decided to stop the fight

All I know  
you'r spirit keeps living within me  
wherever I go  
Your spirit keeps moving within me  
Breaking every law that I know  
Your spirit keeps running within me  
Your spirit is...

Higher dimensions  
and stars in between  
it's easy to hear, you calling  
Illusions of life  
tell me how could it be  
I feel so alive when I'm falling

I see you  
when I close my eyes  
walking thru space and time  
Climbing the stairs  
just to touch the sky

All I know  
you'r spirit keeps living within me  
wherever I go  
Your spirit keeps moving within me  
Breaking every law that I know  
Your spirit keeps running within me  
Your spirit is...

Stick  
Your spirit is...  
the wine that I'm drinking  
the tears that I cry (deep in the ocean)  
and all I believe in  
in these dreams of mine

All I know  
you'r spirit keeps living within me  
wherever I go  
Your spirit keeps moving within me  
Breaking every law that I know  
Your spirit keeps running within me  
Your spirit is...

your spirit is...
