

Memories Of Tomorrow

Mekong Delta

All alone, I feel cold inside
Loneliness, I'm the only one to know
I am one with my armchair
(In memories
All night I'm playing for you
I've
Though I know you won't thank me
seen
What else is left to do?
all this)
It is here
I will defend you
Near and nearer
Fight it back
One foot in the grave
I have seen this all before
Memories, memories of tomorrow
In the grave
I have seen this all before
Dear me
Memories of tomorrow
Once I was dead, I know I'll be
I've diffracted it all on myself
Oh, can't this chalice pass by me
(I'm thinking
Why can't it be someone else
back of
I've got to pay for the world now
what
If not, There's no one to do
will be)
It is here
I will defend you
Near and nearer
Fight it back
One foot in the grave
I hav
e seen this all before
Memories, memories of tomorrow
In the grave
I have seen this all before
Dear me
Memories of tomorrow
